Healthy Connections 

Healthy people start with healthy communities. We've helped our members and neighbors to get care for more than 20 years. At the same time, we've worked to improve our neighborhoods to create a more safe and healthy South Carolina.

First Choice's Community Center has served South Carolina since 2009, and moved to a new and expanded location in 2017. It has been a valued source of education and support for almost 10 years.

This year, the center offers more than ever. From health tips to local resources, the First Choice Community Center offers something for everyone.

Health and wellness education

First Choice associates are available to discuss health tips, First Choice plan services, local resources, and more. The Community Center also includes a spacious kitchen, where visitors can learn how to prepare healthy meals. Bilingual services are available at the center.

- Medicaid enrollment.
- Food assistance.

All First Choice Community Center associates are trained and certified Benefit Bank counselors.

The Community Center also offers notary services during business hours, 8:30 a.m. – 5 p.m., Monday through Friday.
