

ProviderAlert

To: Select Health of South Carolina Providers
From: Select Health Provider Network Management
Date: February 2, 2023
Subject: Trauma-Informed Care

Summary: Select Health is excited to announce new and enhanced resources available to support providers in delivering Trauma-Informed Care (TIC) to our members.

What's new?

- **Trauma-Informed Care (TIC) resources:** Health care providers of all disciplines are encouraged to learn more about trauma-informed care and develop a comprehensive, trauma-informed care approach to help promote healing, recovery, and wellness. Select Health has developed materials and compiled resources to help practices address the experiences of trauma safely, promptly, and in a manner consistent with applicable reporting laws. Materials include:
 - Overview of Trauma
 - Adopting a Trauma-Informed Approach
 - Trauma-Informed Care Practice Checklist
 - Self-Care for Providers of Patients Experiencing Trauma
- The **Provider Support Resource Menu** serves as a quick reference guide for access to plan resources, such as:
 - Behavioral health support
 - The Let Us Know program.
 - Provider staff and education opportunities
 - Quality education HEDIS measures
 - Language interpretation, and a variety of other services

Select Health providers can access the above resources and services in one centralized location on our [Trauma-Informed Care](#) webpage.

If you have questions about this communication, please contact your Provider Account Executive or the Provider Contact Center at **1-800-575-0418**.
